

Voyage to the Future

Sanmar Shipping Limited (SSL) commenced operations in September 1994 and acquired its first ship, a bulk carrier, in February 1995. The company subsequently diversified into the clean petroleum product tankers segment in 1996.

SSL has since restructured its portfolio and consolidated its position as a strong player in clean petroleum products. The company operates a fleet of sixteen ships today, comprising crude, product and LPG carriers.

Safe Ships and Clean Seas

Sanmar Shipping is committed to meeting the challenges of an increasingly globalised environment and stays focused on its motto of 'Safe Ships and Clean Seas'. We are also part of Shell's "Partners in Safety" programme.

Business Partners

SSL has forged strong business alliances with reputed commercial managers that include Maersk Tankers (A P Moeller) and HAFNIA Management both based in Copenhagen, Denmark and Mitsubishi, Japan for our VCM.

Employment

SSL ships are employed on international and domestic routes. The tankers trade with oil majors such as BP, Shell, Indian Oil Corporation, Bharat Petroleum, Hindustan Petroleum, Reliance and major traders such as Trafigura and Vitol in the oil segment. Our LPG carriers carry ethylene for the international market and and VCM for our captive requirements.

Sanmar Regina

Management

The fleet's operations are managed from The Sanmar Group headquarters in Chennai, Tamil Nadu, India. All the operations relating to Commercial, Financial, Insurance, Technical, Fleet Personnel, Training and Risk Management functions are handled from the head office, which is staffed by a dedicated team of professional executives.

Compliance

The ships conform to applicable national and international standards of Health, Safety, Security, Environmental protection and Conservation.

The tankers and LPG Carriers are submitted for vetting by the oil majors such as BP, Shell, Equinor, Chevron, ENOC, ADNOC Petronas, etc.

Communication system

The communication facilities of Sanmar Shipping compares with the best in the industry. All its vessels are fitted with up-to-date satellite communication facilities that includes the Starlink too and provide free internet access to the crew
